Provided, however, that all expenditures of any community development block grant funds in addition to those appropriated and enumerated in this section shall be subject to the following limitations and restrictions:

The Housing and Community Development Act of 1981 made it possible for states to assume administration of small cities Community Development Block Grant (CDBG) previously administered by the U.S. Department of Housing and Urban Development (HUD). In Tennessee, the CDBG Program shall be administered by the Department of Economic and Community Development (ECD). The Assistant Commissioner of Community Development shall be responsible for managing the CDBG Program.

There shall be appropriated by the General Assembly to ECD such funds as may be allocated to Tennessee by the federal government for the CDBG Program. The state-administered CDBG Program shall be developed within the parameters of the CDBG legislation, applicable federal regulations, and consultation with citizens and elected officials in Tennessee.

The CDBG goals shall be three-fold: (1) target on areas of economic distress, (2) stimulate the growth of jobs and income in these areas, and (3) maximize the number of grantees. Additionally, all CDBG projects must meet one of the three national objectives of (1) principally benefiting persons of low and moderate income, (2) elimination or prevention of slums and blight, or (3) elimination of conditions detrimental to health, safety or public welfare. ECD shall be authorized to make grants and/or loans of CDBG monies to eligible city and county governments in Tennessee to achieve these goals. Loan payments and interest shall be reserved for reappropriation and shall not revert to the general fund balance at year end.

Eligible applicants shall be all city and county governments in Tennessee except those cities of over 50,000 population and principal cities of Standard Metropolitan Statistical Areas (SMSAs). Cities excluded from the state-administered CDBG Program include Memphis and Shelby County, Nashville (Davidson County), Chattanooga, Knoxville and Knox County, Clarksville, Bristol, Johnson City, Oak Ridge, Murfreesboro, Kingsport and Jackson. These cities and counties will receive their CDBG funds directly from HUD.

Based upon an anticipated CDBG allocation in the federal fiscal years 2001 and 2002 of \$29,489,000.00 each year, the following target funding levels shall be established:

	<u>Federal FY 2001</u>	<u>Federal FY 2002</u>
Administrative Costs	\$ 689,800	\$ 689,800
Industrial Location/ Expansions/ Retentions	11,286,500	11,286,500
Community Livability	1,668,000	1,668,000
Water/Sewer/Solid Waste	12,704,200	12,704,200
Housing and Neighborhood Revitalization	2,140,500	2,140,500
Set-Aside	1,000,000	1,000,000

A fifty percent (50%) reduction in any category will be permitted to facilitate proper program management and allow administrative flexibility. The funds so reduced shall be allocated to other categories with priority given to water/sewer/solid waste projects.

Selection criteria for project approvals shall be uniform within categories, objective and quantitative, and shall be based on project need, project feasibility, project impact, community need, and, for community livability projects, essentialness.

Project application materials will be supplemented, as appropriate, by site visits and by informed opinions of state agencies knowledgeable about particular projects.

The level of CDBG assistance for individual projects shall be determined by the following factors: (1) the percent of project beneficiaries that have family incomes below the low and moderate income (LMI) levels, (2) a maximum grant and/or loan of \$750,000.00 for individual projects (\$300,000.00 for community livability projects), (3) a maximum grant and/or loan to any applicant of \$750,000.00 in two successive years, and (4) the grantee's ability-to-pay. Higher grant levels (up to \$1,000,000.00) may be approved for regional projects.

If modifications in the expenditure plan for the CDBG Program are required, said modifications shall be accomplished in the following manner: (1) if the General Assembly is in session such modifications shall be approved by the General Assembly, or (2) if the General Assembly is not in session, the Governor may, (a) submit such modifications to the State Funding Board for approval or, (b) call a special session of the General Assembly for approval.

The small cities Community Development Block Grants (CDBG) funded under this act or other acts of the legislature shall lapse if substantial progress has not been made within one year after the grant is awarded. Provided, however, that individual awards may be granted an extension upon approval by the Commissioner of Economic and Community Development and the Commissioner of Finance and Administration.

SECTION 32. The provisions of this section shall take effect upon becoming a law, the public welfare requiring it. The unexpended appropriations made to the Department of Economic and Community Development (ECD) for the purpose of making grants and loans to local governments and businesses for job creation and/or retention are subject to reversion to

the general fund balance at June 30, 2001. Subject to the availability of revenue, the Commissioner of Finance and Administration is authorized to carry forward any unexpended balance or transfer any part of the unexpended balance to the Revenue Fluctuation Reserve at June 30, 2001. The Commissioner shall report to the Chairmen of the Finance, Ways and Means Committees of the Senate and House of Representatives the disposition of the unexpended appropriations.

In the 2001-2002 fiscal year it is the legislative intent that new commitments made by the Commissioner of Economic and Community Development for grants in the TIIP program and industrial training service program shall not exceed the appropriations made for those purposes in Section 1 of this act. The commissioner is authorized, subject to the concurrence of the State Funding Board, to determine that amount of new commitments unlikely to be accepted based on historical program trends and may over-commit to the extent of such determination. In no event may such over-commitments exceed thirty percent (30%) of the appropriations available for new grants. It is further the legislative intent that in the 2001-2002 fiscal year the TIIP program and the industrial training service program be managed so that actual expenditures and obligations to be recognized at June 30, 2002 shall not exceed any available reserves and appropriations of the programs.

No less frequently than quarterly, the Commissioner of Economic and Community Development shall report to the Commissioner of Finance and Administration the status of the TIIP and industrial training service appropriation, such report to include at least the following information: the amount of each commitment accepted since the previous report and the name of the company receiving the benefit of such commitment, the total outstanding commitments and the total unobligated appropriation. A copy of each such report shall be transmitted to the chairmen of the Finance, Ways and Means Committees upon receipt by the Commissioner of Finance and Administration.

No less frequently than monthly, the Commissioner of Economic and Community Development shall report to the Speaker of the House and the Speaker of the Senate on grants which have been approved under this section.

No single grant shall be made for more than seven hundred fifty thousand dollars (\$750,000) nor shall any grant obligate funds for more than one year. This provision shall apply to applications received after June 15, 1995.

These funds shall be used for industrial training and industrial infrastructure under the following provisions:

1. A grant or loan will be made only where there is a commitment by a responsible official in an eligible business for the creation or retention of private sector jobs.

2. Eligible businesses shall be limited to a) manufacturing and other types of economic activities which export more than half of their products or services outside of Tennessee, b) businesses where more than half of their products or services enters into the production of exported products, c) uses which primarily result in import substitution on the replacement of imported products or services with those produced in Tennessee, d) other types of economic activity determined by the Commissioner of ECD to have a beneficial impact on the economy of Tennessee.

3. Grants or loans may be made to local governments, other political subdivisions of the state, or eligible businesses for industrial infrastructure (water service, wastewater service, rail service, etc.) and for industrial site preparation (grading, leveling, drainage improvements, etc.) where such expenditures are required to secure the location, expansion, or retention of an eligible business. The department may implement a pilot loan program for industrial building construction in certain economically depressed counties. In determining the form of the assistance the department shall consider whether the improvement will be of general community benefit (in which case the assistance shall be a grant) or benefit only a specific business (in which case the assistance shall be a loan).

4. Grants may be made to eligible businesses for industrial training under the following conditions: a) to support the training of new employees for locating or expanding industries, b) to support the retraining of existing employees where retraining is required by the installation of new machinery or production processes.

5. In determining the level of grant assistance for infrastructure and site preparation consideration shall be given to local ability-to-pay with areas of lesser ability being eligible for higher grant rates. In no case shall the maximum infrastructure grant exceed seven hundred fifty thousand dollars (\$750,000) nor shall any grant obligate funds for more than one (1) year. This provision shall apply to applications received after June 15, 1995.

The Commissioner of Finance and Administration is authorized to transfer a sum sufficient to the Division of Community Development and to the Industrial Training Service to provide for grants made under those programs.
